

IMPORTANT SAFETY RECALL

COOPER TIRE & RUBBER COMPANY
Findlay, Ohio 45840 419-423-1321

August 23, 2019

NHTSA Recall No. – 19T-006

Dear Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Cooper Tire & Rubber Company has decided that a defect which relates to motor vehicle safety exists in certain Roadmaster tires, as identified in the table below.

Product Name	Size	DOT Serial Number	Brand
Roadmaster RM852 EM	295/75R22.5	CR 37 LWF 4618 - 4818	ROADMASTER

The DOT identification number is molded into each tire, and is composed of a DOT sequence, followed by a four-digit DOT date code. As an example, the following illustration shows what this number would look like for one of the affected tires in the chart above (Roadmaster RM852 EM, Size 295/75R22.5). For this tire, the DOT sequence begins with CR37LWF ---- and ends with a date code (2-digit week and 2-digit year), which could be between 4618 through 4818, inclusive. In the example below it is 4818.

You are receiving this letter because our records indicate that you may have purchased one or more of the recalled tires. The affected tires as manufactured may have thin innerliner gauge that may develop an in-service innerliner degradation ultimately resulting in an increased potential of tire failure that could lead to the rapid loss of inflation pressure, vehicle control, and increase the risk of a crash. Driving at high speeds may cause this condition to occur and should be avoided until the tires have been inspected and replaced, if they fall within the identification numbers shown above.

Cooper Tire & Rubber Company is recalling all of the tires with the identification number(s) in the table above. To ensure your safety and satisfaction with our product, we request that you return the recalled tire(s) and this letter to your dealer. If the inspection verifies that you have a tire or tires with the suspect identification number, they will be replaced with the same or substantially similar tires, mounted, and balanced at no charge to you, if you have presented them for remedy within one-hundred and eighty (180) days after (i) receipt of this letter or (ii) notice that a replacement tire is available (if not available at the time of inspection). It is expected that replacement tires will be available at the time of the inspection. However, if the tires are not available at the time of inspection, they will be available within twenty-one (21) days. After expiration of the one-hundred and eighty (180) day period, tires will be replaced under our normal adjustment policy.

CTRC1730819

The time required to determine if the tire is subject to recall is only a few minutes and approximately thirty (30) minutes per tire if replacement is required.

Should any questions or problems arise while your tires are being inspected or replaced, please call the Cooper Tire Consumer Relations Department at 800-854-6288. We will attempt to be of service to you. In the event you believe we have failed to or are unable to replace your tire(s) without charge to you, as described above, you may submit a complaint to the Secretary of Transportation at the following address: Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, or phone NHTSA's toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153; or go to <http://www.safercar.gov>).

If you've had your tires replaced before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information, contact the Cooper Tire Consumer Relations Department at 800-854-6288.

We regret this inconvenience, but are sure that you understand our interest in your safety and satisfaction with your tires. Please see your dealer immediately for free replacement of the recalled tires. Give this letter to them so that it can be returned to us for purposes of this recall.

Sincerely,

William N. G. Geaman, Jr.
